TO WHOM IT MAY CONCERN

STRUCTURAL STABILITY CERTIFICATE

Certified that the building of ASSISI CONVENT SCHOOL A-43, Sector 33, NOIDA having three Wings I.e.

- 1- Senior Secondary School having three Story completed in 2015-2016.
- 2- Primary school having three story completed in 1997.
- 3- Hostel Building having Two Story completed in 1995.

The date of completions was confirmed by the Owner.

These School Buildings was Inspected by the undersigned as Structural Engineer on the request of the Principal of the School. I visually inspected the whole Building. It is certified that there is no deflection in Beams, Slabs and Load Bearing walls at any Point. There was no settlement in Foundation and Flooring.

Since there are no cracks in beams, columns and load bearing walls at any point as on Today. Therefore the Existing Building is capable of all Forces and movement of Natural hazards.

Hence the Above School Buildings are Fit For Occupancy
